

# DESOAGEN<sup>®</sup> SDP

## Major component

- Inorganic Salts Containing Biomass and Degradants

## Property

- Excellent effect of loosening scud and removing natural pigments before liming.
- Can help open up wrinkles effectively in liming process.
- Prevent the possibility of excessive hair protection and difficult removal of hair roots in hair-saving process.
- Reduce the dosage of sodium sulfide and the sulfide content in wastewater.

## Specification

Appearance(25°C): Beige to pale yellow powder

pH(10% aqueous solution, 25°C):  $8.5 \pm 1.0$

## Application

Recommended process (in terms of wet salted):

Liming: **DESOAGEN SDP** 0.5%~1.0% Added 30 minutes before liming.

## Safety

- This is not a hazardous chemical.
- Observe all the precautions required for handling chemicals.
- Read attentively and observe all the recommendations in our **Material Safety Data Sheet**.

# DESOAGEN<sup>®</sup> SDP

## Transportation and Storage

- The product has a shelf life of at least six months if it is stored in its tightly sealed original packaging at temperatures below 25°C.
- The product should be stored in a cool and dry place, with no throwing, avoid direct exposure to the sun or rain or humidity.
- Re-seal the package immediately after using, use up as soon as possible once the package is opened.
- Read attentively and observe all the recommendations in our **Material Safety Data Sheet**.
